

Advance-Nilfisk Part

Advance-Nilfisk Parts - Think about how long and tedious it would actually be to tidy up right after a party, without help from equipment. Previously, the dirt from carpets and upholstery had to be beat out of them by hand; brooms, brushes and cleaning cloths were the leading cleaning products at the time.

P.A. Fisker, the founder of Nilfisk-Advance, was actually an electrical engineer who loved working with electrical motors. Starting the company in the year 1906, he started to produce motors so as to drive fans, machine tools, coffee grinders and drills. Mr. Fisker's vision from the start was to own an international business marketing merchandise internationally.

The Nilfisk C1 was an incredible breakthrough for the cleaning trade. This ground breaking vacuum cleaner, invented by Mr. Fisker, weighed only 17.5 kilos and could be operated by a single individual. This invention came in a time where other cleaning equipment were very big and required 4 or more operators, hence, the Nilfisk C1 transformed everything and evolved the manner we clean forever. The mastermind behind these very first cleaning equipment remains unparalleled. Cleaning machines provide an excellent solution to an ongoing problem; things get dirty and have to be cleaned regularly, without a lot of effort.

Gradually but progressively, Nilfisk-Advance grew throughout the decades. During the 1980s, this expansion truly took place when the business became a part of the NKT Group. Their new owners' ambition and concentration made Nilfisk-Advance take a huge leap ahead within the trade, aspiring to be among the biggest universal players in the market of professional cleaning machines. Nilfisk-Advance is presently found in every part of the world by gradually acquiring many small companies so as to develop their product portfolio and presence in new markets. They are really proud to provide a range of cleaning solutions to fit each need.
