

Axle Tech Parts

Axle Tech Parts - The company of AxleTech International is a large supplier of specialty vehicle drive-train systems and components along with off highway vehicles. They take great pride in being a preferred supplier to their customer base. AxleTech strives to meet and exceed their clients' expectations for quality, service, technology and delivery. They believe in working in an atmosphere that encourages the utmost integrity with empowered teamwork, combined with a persistent pursuit of results.

AxleTech International is a General Dynamics company. They believe strongly in actively utilizing principals of environmental safety and stewardship in how they do business. The company has put different programs in place in order to articulate these values in their business policy. AxleTech happily shares this policy and welcomes interested parties to offer them with any comments or questions, as they are glad to promote and share this policy with a greater understanding of their efforts. They are extremely committed to improving and preserving the environment. AxleTech has an EHS program that not only protects the environment but which also actively protects their staff and neighbors too.

AxleTech specializes in the manufacture and designing of planetary axles meant for both military and commercial applications, which can include anything from airport ground support to construction equipment. They take great pride in being an innovative drive-train solutions provider too. AxleTech particularly designs axles to meet specific application demands. They have over 1000 different axle specs within their present offering. With more than one hundred years of skill and history, AxleTech proudly supplies the most complete solution for any of your axle requirements. The company is well known in various military and commercial applications. They provide complete axle assemblies used for aftermarket replacement needs, together with servicing axle requirements for OE production. Their high mobility ISAS have added details that could be found in the "ISAS" product collection.
